

OVERSIZED ILLUSTRATIVE MATERIAL

Material up to a size of 11" x 17" should be included internally in the pdf file. Margins should be set at 1.25" on the left and 1.0" on the other three sides. The page number will be placed in the upper right hand corner, matching the placement of the page number to the other pages.

Oversized material, such as large maps or charts, which cannot be reduced to fit on a 11" x 17" sheet of paper, must be an external link to a file. All oversized material must be identified with an appropriate number (plate 1, e.g.), which is also noted or referred to in the text. For additional information on complex materials, contact the Thesis Office well in advance of the deadline for submitting the thesis.
